

PRESS RELEASE

1 April 2023

CORIUS Group opens new locations in Lower Saxony

Munich/Vechta/Cloppenburg. The CORIUS Group expands in the heart of northwestern Germany. Two key locations are joining the network on 1 April 2023 as part of the Überörtliche Berufsausübungsgemeinschaft (ÜBAG) Hautzentren Oldenburger Land – the dermatology clinics MVZ Hautzentrum Vechta and MVZ Hautzentrum Cloppenburg – as the leading dermatology and phlebology group continues to expand its comprehensive care in the state of Lower Saxony.

MVZ Hautzentrum Vechta at St. Marienhospital and MVZ Hautzentrum Cloppenburg at St. Josefs-Hospital care for over 60,000 outpatients and approximately 500 inpatients (in the inpatient ward at St. Marienhospital in Vechta) every year, making the ÜBAG one of Germany's largest centres for dermatological care.

From treating skin conditions to diagnosing and treating allergies, all the way to hair removal and laser treatment – ÜBAG Hautzentren Oldenburger Land provide care in almost every field of dermatology, allergology, phlebology and aesthetic surgery. The practice specialises in oncological dermatology: diagnosing and treating skin tumours, while the affiliated Centrum Haut Pflege & Kosmetik GmbH institutes exclusively offer cosmetic treatments.

The 38-strong practice team, headed by Dr Volker Jasnoch, Dr Frank Borrosch and Dr Marco Averbeck, ensures patients feel good and get the best possible treatment every single day. To guarantee this, ÜBAG Hautzentren Oldenburger Land prioritises collaborating with expert partners. For especially serious findings, the team of doctors works with Fachklinik Hornheide, one of Europe's most renowned clinics for skin tumours.

About the CORIUS Group

The CORIUS Group is a network of dermatology and phlebology practices and clinics in Germany, the Netherlands and Switzerland. The group's main goal is to design the future of medicine and guarantee comprehensive care. Personalised successor models, attractive career opportunities and a significantly lighter administrative burden for medical staff make the CORIUS Group a strong, dependable partner. Since it was founded in 2017, the network has expanded to include around 50 locations, united by one goal: to design the future of dermatology.
