CORIUS expands its network: Incorporation of MVZ Hautzentrum Radolfzell

Strengthening dermatological and medical-aesthetic care in the Lake Constance area from 1 October

Munich/Radolfzell. The CORIUS Group is proud to announce the incorporation of MVZ Hautzentrum Radolfzell. The dermatology practice formerly known as 'Dr. András Rozsondai Praxis für Dermatologie und Ästhetische Medizin' has been bolstering the CORIUS Group's healthcare services in Baden-Württemberg since 1 October 2024.

The practice was founded in 2001 and is centrally located in the heart of Radolfzell, not far from Lake Constance. It has been operating under its new name, MVZ Hautzentrum Radolfzell, since 1 October 2024. The practice team is distinguished by their many years of experience and a high degree of expertise in the fields of dermatology and aesthetic medicine.

It is led by András Rozsondai who, as a specialist in skin and venereal diseases and allergology, has broad medical expertise and 23 years of experience as a medical director. Mr Rozsondai is assisted by Dr. med. Virginia-Adela Luca and a dedicated team that currently comprises 15 members and attaches great importance to comprehensive, patient-oriented care.

The practice offers a wide range of services, including both classical dermatology and state-of-the-art therapeutic approaches to aesthetic medicine. Treatment focuses on diagnosing and treating skin diseases, skin cancer prevention, outpatient operations and more. Innovative procedures such as laser therapy and aesthetic treatments are also provided, tailored to each patient's individual needs.

'We are so happy to welcome MVZ Hautzentrum Radolfzell to our group. András Rozsondai and his team's dedication and expertise are a valuable asset to us. With this expansion, we are taking another vital step to offer patients in the Lake Constance area even better access to top-class dermatological care,' says Heidi Niemöller, CEO of Corius Deutschland GmbH.

About the CORIUS Group

The CORIUS Group is a network of dermatology and phlebology practices and clinics in Germany, the Netherlands and Switzerland. The group's main goal is to design the future of medicine and guarantee comprehensive care. Personalised successor models, attractive career opportunities and a significantly lighter administrative burden for medical staff make the CORIUS Group a strong, dependable partner. The common goal: to design the future of dermatology.
