## **CORIUS Group kicks off the new year with a practice in Bochum**

### **MVZ Corius Hautzentrum am Musikforum strengthens the network as of 2 January 2025**

**Munich/Bochum.** The CORIUS Group is delighted to welcome the MVZ Corius Hautzentrum am Musikforum to its network. The addition of the Bochum practice as of 2 January 2025 bolsters the CORIUS Group's presence in the Ruhr region and expands its network with a distinguished dermatological facility that combines a rich heritage with a forward-looking approach.

The practice was founded over 100 years ago, making it one of the first dermatological practices established in the Ruhr region. In addition to its main location in Bochum, the MVZ Corius Hautzentrum am Musikforum has a branch practice in Herne, providing comprehensive dermatological care to patients throughout the region.

Led by medical directors Dr Thorsten Auer and Dr Torsten Beermann, the practice offers a wide range of services and treatments. The medical team at the MVZ Corius Hautzentrum am Musikforum provides cutting-edge care from general and aesthetic dermatology, outpatient surgery and allergology to proctology, laser therapy and diagnostic services.

A particular highlight is the fully integrated dermato-histological laboratory which, with around 35,000 tissue sections per year, not only provides excellence in diagnostics, but also creates valuable synergy potential with the entire CORIUS network.

'Adding the MVZ Corius Hautzentrum am Musikforum is another key step in expanding the CORIUS Group's presence and expertise in the Ruhr region,' says Heidi Niemöller, CEO of Corius Deutschland GmbH. 'The practice stands out thanks to its long tradition, experienced team and future-focused range of services. The dermato-histological laboratory is a tremendous addition to our network. We're not only strengthening local care with this step but also opening up new opportunities for diagnostic and therapeutic synergies within the CORIUS Group.'

## **About the CORIUS Group**

The CORIUS Group is a network of dermatology and phlebology practices and clinics in Germany, the Netherlands and Switzerland. The group's main goal is to design the future of medicine and guarantee comprehensive care. Personalised successor models, attractive career opportunities and a significantly lighter administrative burden for medical staff make the CORIUS Group a strong, dependable partner. The common goal: to design the future of dermatology and phlebology.
